First Selectman's Corner

A very happy 2018 to everyone! January started off with lots of snow, sub-zero temperatures and gusty winds blowing. Thank goodness for our dedicated Public Works Department. These people work countless hours, especially after large snowstorms, to get the roads and sidewalks cleared, treated and safe.

2017 was a year that presented the challenge of keeping our Town budget intact even as CT wrestled with the state budget. As a member of the Capital Region Council of Governments, I have been attending meetings faithfully for two years. In this group, I have met all of the First Selectmen/Selectwomen, Mayors and Town Councilmen from around the state. I was honored to be elected Secretary of the Executive Committee for 2018.

As you can imagine many of our meetings revolved around the fiscal crisis going on in the state legislature. In those meetings I again thought of how lucky Ellington is to have a strong Finance Department and Board of Finance. We take fiscal responsibility very seriously so as to protect our residents and our businesses. 2018 will be challenging as well, but we are optimistic that we can handle whatever comes down the road. Important information and dates regarding the budget process are included within this newsletter.

First Selectman Lori Spielman and NBC Connecticut's Chief Investigative Reporter Len Besthoff discuss the Crumbling Foundations state of affairs in Ellington.

The Winterfest Celebration was a great success. There were many activities going on at the Library, the Congregational Church, the Nellie McKnight Museum and the Gazebo. The EVFD Torchlight Parade was terrific with the fire trucks all decorated in lights. Kids and adults lined the streets and Santa and Mrs. Claus were a great hit. Thank you, thank you, thank you to all of the very hard working volunteers that put this all together. This is one example, among many, of why Ellington is a wonderful Town to live in.

Our Holiday Lighting Contest was a great success as well. In fact, there were nice articles in the Hartford Courant, The Reminder, and North Central News about the contest. Thank you to our **continued on page 3**

sponsors - Kloter Farms, Homestead Heating and Plumbing, and Earthlight Technologies. The lucky winners were Alex Brennan for Most Creative, Paul Scordato for Best Theme, Tony & Betty Keilty for Judges' Choice, and Barber Utilities for Best Business. Our Emergency Management Director and the Town Hall Annex put together some great department displays as well. Special thanks to the Beautification Committee for all of their hard work to make Ellington look so festive. The positive comments from residents have been very heart-warming. I want to say a HUGE thank you to all of the sponsors that allowed us to hold the Inaugural Scarecrow Contest and 2nd Annual Holiday Lighting Contest in 2017. Because of their generosity, the Town was able to foster festive community spirit and we can't wait to continue these efforts in 2018. Winners of the 2nd Annual Holiday Lighting Contest received great prizes from Kloter Farms, Homestead Comfort and Earthlight Technologies.

New England Lean Consulting was the Flagship Sponsor for the Scarecrow Contest; they generously donated prizes for Best Business and Fan Favorite. Joyful Reflections Photography, Kloter Farms and Hometown Pizza.

Eleven-year old Ellington resident (and future First Selectman), Joshua Rockefeller shadowed me for a day and was an honorary First Selectman. He had great questions and everyone enjoyed having him at Town Hall. If Joshua is an example of the youth that will one day be at the helm of the Town of Ellington, we could not be in better hands.

January 2018 started off with a well-attended staff meeting at Town Hall. Homemade food and good conversation made what is always a productive meeting even better! We are all proud of our Town and appreciate the support our community gives us. We are on Facebook, Twitter and Instagram and the Town website is better than ever. The television program on CVC is also going well. I have been able to interview many of our Town residents about their businesses and interests as well as people in the Public Safety realm.

Spring is right around the corner... at least that is what I keep telling myself! Let's think flower gardens, green grass, warm temperatures and the smell of manure in the air! Thank you to all who, on Election Day, gave me another term to continue to do this job that I love. Remember, my door is always open.

Respectfully,
Lori Spielman, First Selectman

income and tax-exempt interest, plus any other income not included in the adjusted gross income. Totally disabled persons, regardless of age, are eligible provided they have a Social Security Award Letter or SSA-1099 with Medicare premiums. The filing period for this tax relief program is February 1 through May 15, 2018.

ADDITIONAL VETERAN'S EXEMPTIONS

An additional exemption may be available for those veterans who meet the income requirements noted above. Applications for this program must be filed between February 1 and October 1, 2018.

APPLICATIONS

Both of these programs require applications to be filed every two years. If you are currently on one or both of these programs and it is your year to refile, applications will be mailed to you February 1. Forms are available in the Assessor's Office.

For questions or help completing the forms, contact either the Assessor's Office or Anna Turner, MSW, Elderly Outreach Social Worker, Human Services Department at 860-870-3131 or email aturner@ellington-ct.gov.

depending on how much money is needed to fund the municipal budget and how much property is available to be taxed (grand list) as of the assessment date (grand list date) of October 1. Like all Connecticut towns, Ellington operates on a fiscal year, beginning July 1 and ending the following June 30. Tax bills are issued July 1 each year and payments are due semiannually in July (first installment) and the following January (second installment). Motor Vehicle bills are due in one installment. The current mill rate is 31.7.

State statutes dictate the procedures to be followed for the billing and collection of taxes and the record-keeping involved and also govern when and how bills are sent; what notice is to be given or

published concerning taxes; the rate and applicability of interest; how liens are applied; and what means of delinquent collections are permitted. Your tax dollars are essential to the successful maintenance and growth of this great Town. Tax revenue supports the Hall Memorial Library, the Ellington Senior Center, Ellington Public Schools, Town building and road maintenance, parks and recreation programs and police protection to name just a few of the vital services provided. Our Tax and Revenue Department boasts a high tax collection rate and much of that is due to the Ellington residents who diligently pay their taxes in full and on time. The Tax and Revenue Department staff members are always available to assist taxpayers who have questions.

The 2018-2019 Budget Process is Underway!

BOARD OF SELECTMEN AND BOARD OF FINANCE MEET FOR FISCAL YEAR 2018-2019 BUDGET

In early January, the Board of Selectmen and the Board of Finance members joined to begin the months-long budget process. In Ellington, the method used to determine the budget is an open process. Every citizen who is registered to vote (property owners and those who rent) is welcome to participate. Your involvement is very important. Please take the time to become familiar with Ellington's proposed budget once it becomes available. All of the meetings held in this process are open to the public. Town departments, commissions and agencies will review programs and services in order to determine how much it will cost to operate the Town for the next fiscal year. This includes the Board of Education, which will estimate how much it will cost to operate the schools and school-related services.

In accordance with the Town Charter Section 1003, Nicholas J. DiCorleto, Jr., Finance Officer/Treasurer, compiles the Budget Book for the Board of Finance on or before March 15. The

compilation of the Budget Book includes the submitted budgets from the Board of Selectmen on General Government, Board of Education, and Capital Improvements. It also includes the estimated projection of revenues for the current fiscal year and the following fiscal year. All budget documents are posted on the Finance page of the Town website so that the citizens of Ellington have complete information at their disposal to increase their knowledge and to assist them in participating in the budget process.

Ellington Emergency Response Team Uses Technology as Force Multiplier

Ellington is one of many Connecticut towns and cities that have formally organized a team of residents to assist the community when emergencies arise. Ellington's Community Emergency Response Team (CERT) was established in 2008 and presently includes approximately thirty members. Ellington CERT is recognized as one of the "civil preparedness forces" created by state law, and is nationally registered with the Federal Emergency Management Agency (FEMA). CERT programs around the country serve in a support role to police, fire and ambulance professionals. In addition, CERT Teams provide shelters for displaced persons during emergency events, assist with search and rescue operations, traffic control services and other support functions.

CERT members volunteer their time to continually train to assist in a variety of disaster preparedness, response and recovery efforts. In Ellington, CERT members have pre-positioned resources to provide temporary shelter and food service to Townspeople at the Ellington High School, Middle School and Crystal Lake School facilities. As required by law, these "people" shelters are also equipped, and CERT members trained, to provide shelter for the domestic pets of those staying at the shelter. In 2011, the Ellington CERT operated the shelter at the high school.

Approximately half of the Ellington CERT members are amateur radio operators (Hams) licensed by the Federal Communications Commission. The key characteristic of Ham radio is that it functions when cell phone, land phone lines and the internet are not operating due to weather or other issues.

In Ellington, CERT Ham Operators use amateur radio for communications between

the school shelters and the Town Emergency Operations Center (EOC). CERT members rely on Ham radio communications when they are operating at field locations in various areas in Town.

Ellington CERT received permission from the Enfield CERT leadership to use the Enfield team's radio "repeater" system. Ellington CERT Hams practice radio operations on a regular basis to confirm their equipment capabilities and keep their skills sharp.

A Ham radio repeater receives signals from low power handheld Ham radios, then rebroadcasts it at higher power. We would like to say thank you to the Enfield CERT for allowing Ellington CERT to operate on their repeater system. The Enfield Repeater allows Ellington CERT members to communicate with each other throughout Town.

Ellington CERT Hams conduct weekly call-ins on non-repeater frequencies as part of the Amateur Radio Emergency Service (ARES) system. The ARES group is the field arm of the American Radio Relay

League that recruits and trains operators to provide emergency communications. The state's emergency response framework and municipal model operations plans call for ARES to partner with municipalities when requested to provide communications support functions needed during emergencies or the immediate aftermath during recovery operations.

Ellington CERT welcomes all those interested in joining the CERT program and helping our community. CERT meetings are held on the third Thursday of the month at the Ellington Volunteer Ambulance building next to Ellington High School. Ellington CERT leadership is provided by Joseph Palombizio as the Ellington Emergency Management Director and John Streiber as the Deputy Emergency Management Director. For more information, email John Streiber at: jstreiber@ellington-ct.gov.

Winter Farmers' Market to be Held at the YMCA

The winter season of the Ellington Farmers' Market held at the Indian Valley YMCA has three remaining Saturdays. The final three winter markets will be held on February 17,

March 3 and March 17 from 2:00-4:00 pm. The market then takes a seven-week break before the start of the summer market on Saturday May 12 in Arbor Park.

The Ellington Farmers' Market continues to match SNAP dollars throughout the winter market. Visit the market's website at: www.ellingtonfarmersmarket.com for information. Questions, suggestions and comments can be sent to ellingtonfarmersmarket@gmail.com.

DOES YOUR HOME NEED REPAIR?

If you own and live in a single or multi-family residential property in Ellington that is occupied by low- or moderate-income households, you

may be eligible for financial assistance to make repairs to your property.

The Town manages the Ellington Regional Housing Rehabilitation Program, which offers financial and technical assistance to property owners in Ellington, Somers, Suffield, and Windsor Locks. The Program's purposes are to correct building code deficiencies, improve energy efficiency and improve housing conditions.

The program currently has no waiting list for Ellington residents. The types of work that the Program assists with include upgrades to electrical, plumbing, heating systems and insulation, energy conservation improvements, roofing and window replacement, septic system repair, asbestos and lead-paint abatement, and accessibility modifications.

Funding assistance is provided in the form of a 0% interest "deferred payment loan" (DPL). The DPL is only repaid when the property is sold. If the property is transferred to an heir, the loan does not need to be repaid but it remains in effect until a sale at a future date. Financial assistance is limited to \$30,000 per housing unit.

Low income property owners may qualify for 100% of the cost of repairs. Moderate income property owners may qualify for 75% of the cost of repairs.

Starting in November 2016, all honorably discharged veterans of every era became eligible to get a photo identification card from the Department of Veterans Affairs (DVA) due to a law passed in 2015. The law, Veterans Identification Card Act 2015, orders the DVA to issue a hard-copy photo I.D. to any honorably discharged veteran who applies. The law states that the card must contain the veteran's name, photo and a non-Social Security identification number. Veterans may apply for the card online at www.vets.gov/#. At the bottom of the page click on "Apply for Printed Veteran I.D. Card". Congress passed the I.D. law as a way to help veterans prove their service without showing a copy of their DD-214 discharge papers. This allows Veterans to receive the benefits and discounts they deserve. The I.D. law coincides with military exchange stores opening online shopping to all honorably discharged veterans which began in November 2017. Veterans who opt to utilize the military exchange store online shopping benefit must be verified through VetVerify.org.

RECENTLY PASSED STATE LEGISLATION -

AFFECTING VETERANS AND THE MILITARY

PA17-83 s3: Burial in the State Veterans' Cemeteries: National Guard and reservists who do not have active duty service beyond training may now be buried in a state veterans' cemetery.

PA17-79 s23: Handicap Placards for Veterans with PTSD: Veterans with PTSD have an option to receive a windshield handicap placard. The new law allows an applicant to get the placard by providing certification from a U.S. DVA psychiatrist that (1) he or she is a veteran who has service-connected PTSD and (2) meets the federal definition of a person with a disability that limits or impairs the ability to walk.

PA17-127 s127. Medicaid Programs for Certain Family Members:

The legislature passed a law that allows an armed forces member on active duty to apply on behalf of his or her spouse or child for any Medicaid home or community-based program in Connecticut for which the spouse or child is eligible.

PA17-127 s1-13 Prohibition of Discriminatory Practices on the Basis of Veteran Status:

A new law prohibits discrimination on the basis of a veteran's status in employment, public accommodations, the sale or rental of housing, the granting of credit and other laws over which the Commission on Human rights and Opportunities (CHRO) has jurisdiction. The law authorizes any veteran aggrieved by an alleged discriminatory practice to file a discrimination complaint with CHRO.

PA17-83 s2. Veteran Status on Driver's Licenses / I.D. Cards: Former service members entitled to military retirement pay under federal law, regardless of age, may request to have their veteran status listed on their driver's license or identity card.

Recreation News

A NOTE FROM THE RECREATION DIRECTOR, BOB TEDFORD

December and January have been historic from the standpoint of inclement weather, so let's hope that February and March are less intrusive!

Here are just a few reminders on winter access and postponement guidelines. Please be extra careful accessing sidewalks and parking lots, as sand/salt and snow/ice can be prominent. In case of inclement weather, and if the public schools are closed or released early, ALL day or evening recreation programs are automatically postponed for that day. Weekend programming is, historically, decided upon by 6:30 am that day. All postponements are placed on the Parks & Recreation website and Facebook, as well as the following media outlets: WFSB 3 - WTNH 8 - WVIT NBC 30; cancellations will be listed under "Ellington Recreation Department."

Some highlights and upcoming events deserve a special note:

- On Saturday, March 24, the 2018 Ice Breaker plunge will take place at Crystal Lake; this event will support our veterans.
- The 2017 Hunter K. Giroux Holiday Youth Basketball Tournament was very successful, with four teams taking part in the 8th grade boys' event. This event is named after the late Hunter K. Giroux, a long-time supporter of all facets of parks and recreation, as well as a quality coach at all levels. Applications are available at the Recreation Office for anyone interested in applying for one of the annual scholarships awarded in June of each year.
- The current youth basketball season has enrolled 44 teams plus the instructional (Saturday morning) teams. It goes without saying that in spite of limited gymnasium access, due to the many recreation and school programs, the recreation coaches do an excellent job of providing an enjoyable experience for each player. The program would not operate efficiently without the assistance of over 135 volunteer coaches.
- 2018 Triathlon: Please continue to check the Town website for updated information.
- Adult Pickleball: Due to the popular demand, the Tuesday

night Adult Pickleball Program has continued to flourish. Pre-registration is required before participating.

SPRING REGISTRATIONS (IMPORTANT): Please be aware that spring programming registration is underway.

Trails-support: As a follow-up to a previous outline, we have received a generous influx of interest from organizations and Town residents, indicating that they are more than willing to provide support to this important cause, which includes the Hockanum River Trails, the Batz property, and possibly other venues as well. Feel free to contact the department if you wish to be included on the list.

Spring Athletic Officials: If you have an interest in becoming or returning as an athletic official in soccer, lacrosse or softball, please contact me at rtedford@ellington-ct.gov. There are defined timelines for becoming certified, so please contact me by the third week of February.

2018 Summer Staff: Applications are available for those interested in applying for the various summer staff positions, especially the waterfront and day camp positions. Applications will be accepted until all positions are filled.

I wish everyone a safe and healthy winter!!

PROGRAM REGISTRATION PROCESS

The Ellington Parks and Recreation Department has a registration process for all recreational programs/camps through our Active-Net Online Program. The process for online registration is easy and convenient for all. The process involves following these simple steps:

- Go to our website at parkrec.ellington-ct.gov
- Click the blue button - ActiveNet Registration
- Click the ActiveNet link under "Register Online"
- Select "Sign in" if you have an account or select "Create an Account" to set one up

It is imperative that an adult household member set up the family account. The advantage to setting up an account is the

convenience of registering for recreational programs and camps at your leisure. You will need an e-mail address to set up your account, a password, and dates of birth for all family members. (Remember to add family members to your account). If you don't have access to a computer, we can assist in setting up your account at the Recreation Office during regular office hours. In-office online registration allows you to pay by cash, check or charge with no convenience fee being applied to your credit card. Note: there is a convenience fee applied to your credit card when registering at home. We reserve the right to limit class size and to cancel classes that do not meet minimum requirements. Ellington residents are given preference for all programs during the first week of registration. If you have any questions or problems please contact Mary Bartley, Assistant Director of Recreation.

ADA: The Town of Ellington does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in provision of programs and services. If you or a family member need special assistance, please make us aware of your needs at the time of registration.

Scholarship Programs: If a need arises, please make a confidential inquiry to Bob Tedford, Recreation Director at: rtedford@ellington-ct.gov.

Payment: Registration is not considered valid until the program fee is paid. We accept cash, checks, American Express, Visa, MasterCard and Discover Card.

Refunds: Requests for refunds must be in writing prior to the program starting.

ELLINGTON CRYSTAL LAKE PLUNGE

On Saturday March 24, 2018, it will be time to come out of hibernation, get off the couch, and take the plunge that benefits Veterans and local charities. Whether you go knee deep, waist high or take the full plunge, all are welcome to join us for the fun. Our goal is to create an event that gives back to local communities and Veterans that are serving today and to those who served in the past. To join in on the fun, participants need to raise a minimum of \$100. The Ellington Crystal Lake Plunge is presented by the South Windsor Police Department and Crystal Lake Fire Department.

For information, please contact CPL Ronald Littell at: Ronald.littell@southwindsor.org. The plunge will be held at Crystal Lake on Route 140 in the Town of Ellington. Day-of registration will be from 10:00 am - 11:45 am, and the participants will take the plunge at 12:00 noon.

2018 DICK GUNN & CLARE LANDMANN BASKETBALL TOURNAMENTS/JAMBOREES

The Tournament-Jamboree is tentatively scheduled between the 2nd and 3rd week of March and will be posted on the Parks & Recreation website once the exact dates and time frames have been established. Even if you do not have a child that participates in any of the leagues, you will want to visit one or more of the games and witness the friendly yet competitive nature of the teams involved. Volunteers are being sought to help assist with this event. Please call 860-870-3118 if you would like to volunteer.

SPRING SOCCER 2018

Coed In-House Soccer Program

The Recreation Department will be offering a Spring Soccer Clinic for children ages 4 - 8 in April 2018. Due to the growing number of children interested in the sport of soccer, WE NEED YOUR HELP. Even if you have never played, coached or watched soccer, your participation is vital to this program. In conjunction with the Recreation Department, we will be offering a free Coaches Clinic in order to assist in helping you grow to love the game of soccer. Not only will you enjoy yourself, the smiles on the children's faces are worth every

minute you put into this program. Ages 4, 5, and 6 will be coached on one night; ages 7 and 8 will be coached on a different night. Depending on how many teams are formed, there will be a "Soccer Match" night where one team plays another team in a scrimmage/match. This

cannot be successful without your help and volunteer time; contact the Recreation Department at recreationstaff@ellington-ct.gov or rtedford@ellington-ct.gov. Please note: The quantity of volunteers will determine how many children will be accepted into this program.

Ages: 7 - 8 (Wednesday Session)

for boys and girls based on current Connecticut Junior Soccer Association age/birth date guidelines (see chart below). Based on enrollment and evaluation results of the respective coaches, teams may be formed in the following age groups:

U-14 Boys and Girls	Full sided	(11 vs. 11) or Small sided (6 vs. 6)
U-12 Boys and Girls	Small sided	(9 vs. 9) or (11 vs. 11)
U-11 Boys and Girls	Small sided	(9 vs. 9)
U-10 Boys and Girls	Small sided	(7 vs. 7)
U-9 Boys and Girls	Small sided	(7 vs. 7)
U-8 Boys and Girls	Small sided	(4 vs. 4)

Placement will be determined by skill level, age compatibility and available roster space. The Recreation Department will make the final determination regarding a player's placement to a respective age level; a player may attend evaluation clinics at an age group higher than his/her current age, but cannot attend an evaluation clinic at a lower age division. Registration forms received after that date will be placed in the "as available" file until final registrations/two evaluations have been completed. It is important to note that the spring 2018 season could bring about new age groups and/or placements based on 'actual enrollment' as of April 10, 2018. Since spring soccer is considered an off-season sport, roster size and team alignment may be adjusted in order to provide a roster placement for all registrants. If a player wishes to attend an evaluation session in order to (1) qualify for a specific age group/level or, (2) is a new player that was not rostered in the fall of 2017, please make sure that this information is provided on the registration form.

The current Parks & Recreation Commission policy holds the following provision: Players that were selected to travel soccer teams for the fall 2017 season in Division 3, 4 or 5 levels, and who register by the defined deadline for spring soccer 2018, are eligible to return to their existing team for spring soccer, provided that particular team is enrolled in the spring 2018 schedule. Players, where eligible, who wish to receive a rating in order to move up a division must attend a minimum of one spring evaluation.

Ellington Girls Scouts

The Ellington Girl Scouts were busy for the holidays. The Ellington Service Unit sponsored a family for Thanksgiving, providing the whole meal, and also sponsored a child in need for Christmas. Our Ellington Girl Scouts rallied

together to collect pajamas to donate to the Pajama Project. In total we collected 174 pairs of pajamas to donate to children (infant to 18 years old) who are living in shelters.

Troops 10367, 10368, 10722, 10725, 10726, 10740/10733, 10744, 10737, and 13118 participated in this collection! A big thanks to the community who also donated pajamas at the Hall Memorial Library drop off.

Our Ellington Girl Scout leaders finished up the year by making five no-sew fleece blankets for the families that live at the Clairvaux House in Rockville, which serves single moms and their children. We can't wait to see what 2018 brings for your Ellington Girl Scouts! If anyone has any questions about Girl Scouts in Ellington, please contact Jenna Miller at: jmristau@gmail.com.

EPS' Student Enrollment Prompts New Policy

At the September 27, 2017 Ellington Board of Education meeting, the Board unanimously approved Policy 5117 School Enrollment Zones. The policy was publicly discussed at four meetings including three full Board of Education meetings July through September 2017. The policy went into effect on January 1, 2018. The new policy does not impact students enrolled in the Ellington Schools prior to January 1, 2018.

WHY A NEW ENROLLMENT ZONES POLICY?

The Town of Ellington is growing. In August 2017, the Connecticut State Data Center reports that Ellington's popula-

tion is projected to increase from approximately 16,000 residents in 2017 to 22,000 residents in 2040. From 2007-2017, the Ellington Public Schools has had its student population increase approximately 4.5% whereas surrounding area school systems have witnessed a decline - approximately -17% in South Windsor and Somers, and -20% in Tolland. Since 1999, the Ellington Schools have seen student enrollment increase approximately 24%.

The Ellington Schools requested its annual school enrollment projection report from the New England School Development Council (NESDEC). The report projects a rise from the current (as of January 2018) student enrollment of approximately 2,700 to 2,900 in 2027.

Should the Ellington Schools' student enrollment continue to grow, it will be increasingly difficult to balance our class sizes and provide equitable learning opportunities for students at Windermere, Center, and Crystal Lake Elementary Schools.

WHAT IS POLICY 5117 SCHOOL ENROLLMENT ZONES?

The policy allows the school administration to determine the best school placement for new students at one of Ellington's three elementary schools regardless of which enrollment zone the student's primary residence is located.

WHAT IS AN ENROLLMENT ZONE?

Ellington Schools' enrollment zones have been in place for over twenty years. The policy doesn't change the established enrollment zones. Each Ellington residence falls within one of the three enrollment zones attributed to our three elementary schools.

WHICH FAMILIES WILL BE AFFECTED BY THE POLICY?

The policy will primarily impact a small number of students entering kindergarten or newly enrolled in the district.

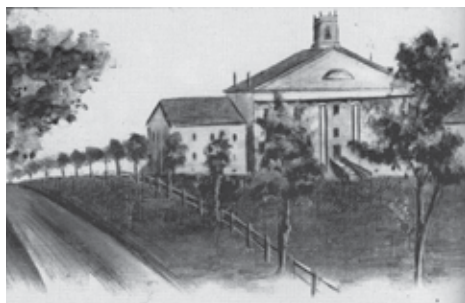

IF MY FAMILY ALREADY HAS A CHILD ENROLLED IN AN ELEMENTARY SCHOOL, COULD THE SIBLING BE ASSIGNED TO A DIFFERENT ELEMENTARY SCHOOL?

No, students with a sibling enrolled in an elementary school will be assigned to the same school as their sibling.

HOW MAY A PARENT LEARN MORE ABOUT THE POLICY?

- Access the full policy and frequently asked questions (FAQ) by visiting the school district's website at www.ellingtonpublicschools.org and navigating to the Parent section.
- Attend an information session on February 28th and March 28th at 5:30 pm at the Ellington Board of Education offices.
- Contact Dr. Scott Nicol, Superintendent of Schools, at: snicol@ellingtonschools.net or 860-896-2300.

Ellington Historical Society

Hollow Road, the Ellington School was initially for boys only and the students came from the surrounding states as well as the West Indies and Brazil. When Hall's health failed, the school became more of a village academy and admitted girls. The school closed in 1870 and burned down in 1875.

John Hall's oldest son Edward founded Edward Hall's Family School for Boys in 1844. This school was located on Main Street and offered living in a family setting while attending school. Classes were comprised of about 12 students who stayed from three to five years. The classics, including Latin, were emphasized, and students enjoyed life in the rural

community with activities such as sledding and skating in the winter. The school closed in 1875 due to Edward Hall's failing health and eventual death.

Yanosuke Iwasaki of Japan was a student at Edward Hall's Family School for Boys in the early 1870s. The family-like setting was an opportunity for him to learn English and socialize with American boys. Yanosuke returned to Japan and became the second president of the Mitsubishi Corporation in 1885. The corporation was originally a shipping company but modernized and diversified under Yanosuke's leadership to become the company we know today.

LOCAL PRIVATE SCHOOLS

In the era before the public school system, local private schools were prominent in Ellington. Mr. John Hall opened a school in 1829 for the education of his own children and eventually included children from outside his family. Located on Frog

HAPPY 250TH ANNIVERSARY TO EAST WINDSOR!

In 1633, settlers laid claim to the vast area of land on both sides of the Connecticut River, now known as Windsor, East Windsor, South Windsor and Ellington. The first English settler in what is known today as East Windsor was William Pynchon, the founder of Springfield, Massachusetts. In 1636, he erected a warehouse for his settlement's transshipment of goods at what is now known as “Warehouse Point”. Warehouse Point served as the southern border of Springfield, Massachusetts for 132 years - until 1768 - when Warehouse Point was annexed by the Connecticut Colony. Pynchon selected the site of Warehouse Point because of its location near the Enfield Falls - the first major falls in the Connecticut River, where all seagoing vessels were forced to

terminate their voyages and transfer goods to smaller vessels. By constructing a warehouse at this location, Pynchon essentially forced all northern Connecticut River business to run through him and his settlement at Springfield.

Initially, settlers avoided the East Side of the river due to the Podunk Indian tribe that inhabited the area, particularly following King Philip's War in 1675. But the lure of the fertile land won out, and settlers began to traverse the river to farm and eventually establish homesteads. In 1733, when Reverend John McKinstry became the minister of the first Congregational Church in Ellington, only 11 families lived in this "Great Marsh" area. Eventually in 1768, East Windsor parish was partitioned from Windsor. The center of town was in what is now East Windsor Hill in today's South Windsor. Ellington parish separated from East Windsor in 1786.

To celebrate our shared history, the five libraries in the original "East Side" have joined together and created a fun scavenger hunt for you and your family to enjoy during the month of February. To play, visit the Hall Memorial Library to pick up your booklet, and look for the five items here. Then visit the other libraries—South Windsor Public Library and Wood Memorial Library in South Windsor, and Broad Brook Library and Warehouse Point Library in East Windsor; find the five items in each of those libraries. Once you have found all the items and all have been verified, you will be entered into a drawing to win a gift certificate to The Book Club Book Store in South Windsor.

COFFEE, TEA & HISTORY

The Friends of Hall Memorial Library are delighted to announce that we will be sponsoring a new quarterly performance series at the library: Coffee, Tea & History. This Sunday afternoon series will showcase actors and actresses bringing historical figures to life in an atmospheric setting. All shows will be family friendly, providing a terrific opportunity for all ages to learn more about the chosen characters. Our first show will take place on Sunday, March 11 at 1:30 pm when Abigail Adams visits with us. Events are free and light refreshments will be served, but seats are limited so please register online at www.library.ellington-ct.gov or call us at 860-870-3160 for assistance.

MINI-GOLF AT THE LIBRARY

By the time you read this we will (hopefully) have concluded our 3rd annual Mini-Golf @ the Library fundraiser. Kloter Farms has once again given us their invaluable support as our Flagship Sponsor; we could not run this event without their backing as well as the generosity of numerous other local businesses.

WE WANT YOUR SEWING MACHINES

Do you have an old portable sewing machine just sitting in your closet gathering dust? If so, why not consider donating it to the Library? We are looking for a few more portable sewing machines in good working condition to have on hand so that we can offer sewing and fabric arts classes. In fact, we'll be using the machines we already have for our April 10 Hat-Making Workshop. The more machines we have, the more participants we can accommodate. Thank you in advance for your consideration!

APRIL IS "FOOD FOR FINES" MONTH

April is once again "Food for Fines" month at the Library. From Sunday, April 1 through Monday, April 30 you can make your fines disappear and help stock the shelves of our local food bank. Here's how it works:

- Bring non-expired, non-perishable food items to donate to the Hall Memorial Library.
- For each item you donate, \$1 of your library fines for overdue materials will be forgiven.
- Fines can only be forgiven on overdue materials that have been returned. You can log in to your online library account or ask at the library to check which materials you currently have checked out or whether you have a fine.

- Food for Fines credit cannot be applied toward fees for items that have been lost or damaged.
- All donations collected during Food for Fines Month will be distributed to the food bank in our community.

NEED AN EXAM PROCTOR?

If you are taking an online course and need a proctor for your exams, the library is the place to be. Call or stop in to the Reference Room and we can make the arrangements.

PASSPORT TO CONNECTICUT LIBRARIES PROGRAM

Passport to Connecticut Libraries is a statewide program running throughout the month of April. Libraries in all parts of the state will be participating in the program.

To join in the fun and celebrate all the great libraries in Connecticut, stop in to the Hall Memorial Library and show your valid library card to pick up your free Passport. Visit other participating libraries and have your Passport stamped. If you visit at least five participating libraries and have your Passport stamped, then return your Passport to a participating library by May 6th, you will be entered into a draw-

ing for a chance to win a \$150 Visa gift card (for adults) or a \$100 Visa gift card (for children under 18).

From the Childrens' Department

Healers with Halos, formerly Allen's Angels Therapy Dogs, will be visiting our library monthly, as they have for the past six years. These specially trained therapy dogs will be here February 10 and 24; March 10 and 24; and April 14 and 28 from 10:30-11:30 am. On each of these Saturdays, boys and girls ages 5-12 can come in to the children's area of the library to read to these wonderful listeners. This is a great way to practice reading skills, as well as get some very special one-on-one time with a new friend who just happens to have four legs and a wagging tail. Online registration is recommended and is ongoing. Go to the library website, www.library.ellington-ct.gov, locate the Event Calendar, find the date you wish to come, and click on the "sign-up hand." Each child is asked to bring a favorite book from home to read. You will get about ten minutes to read and visit with a dog. All children's programs are free and open to the public. Please call the library at 860-870-3160 for more information.

Registration for preschool story hours began on January 28. Go to the library web site or call the library to register. Story Hours for 3-5 year olds who are ready for an independent program will be held on Tuesdays, 10:15-11:00 am, beginning February 6 and continuing for nine weeks. Children who are already 2 ½ years

old can attend Story Hour, along with an adult, on Fridays from 10:15-10:45 am, beginning February 9 and continuing for seven weeks. All preschool story hours include books, flannel board stories, songs, and movement activities and in the 2 ½ year old story hour, a weekly craft is included. Babies and Books, for children 9 months to 2 ½ years old, will be held on Mondays from 10:30-11:30 am, beginning February 5 and continuing through March 26. For this program, parents will read board books to their child, there will be songs and there will be about 45 minutes of open play time and time for adults to socialize. The library will furnish toys. Come join us and meet some new friends!

Your Children's Department has some very special materials for preschoolers and their parents. This past fall we added five new Sprout Early Learning Backpacks to our collection. That gives us a total of 13 backpacks filled with books, games, and other manipulatives for parents to use with their young children to help in learning basic concepts. These educational materials are not "stand alone" toys, but valuable teaching tools. Take a look and see if one or more of them is of interest to you or your little one. The NEW titles provided are: "Fish counting 1, 2, 3," "Going to the market," "I am special and unique," "My pizza shop," and "Shapes all around." You will find the backpacks hanging on the ends of the shelves labeled "Reference." They really are "backpacks," just the right size for your preschooler to carry on his/her back. We think they will love them! Check them out!

In the front seated you have: Mary Lou Dyjak and Peg Busse. In back standing are: Patti Wendell, Diane Madore and Chris McKechnie.

WHO WE ARE

The Friends of Hall Memorial Library is a not-for-profit organization established in 1986 to raise funds to support our library. Our recently elected Board of Directors includes:

President: Peg Busse

Vice President/General:

Chris McKechnie

Vice President Communications:

Diane Madore

Treasurer: Patti Wendell

Secretary: Mary Lou Dyjak

Friends of Hall Memorial Library

Our Membership Coordinator is Joanne Cheney. Larry Dunn, our previous treasurer, has retired after many valued years on the Board. Daniel Sclare has been appointed as the ongoing liaison from the Friends of Hall Memorial Library to the Library Board.

OUR ACTIVE MEMBERSHIP

Our active membership consists of approximately 100 Ellington residents who volunteer their time and resources to help enhance the library experience for all residents by attending monthly board meetings, sharing ideas, providing annual membership donations and participating in fundraising activities. Member involvement through fundraising enables the library to offer important programs and items to the community that would otherwise fall outside of the regular library budget. Such programs include the summer reading programs, discounted or free museum passes, special book purchases, new technology, equipment requests and

maintenance of the beautiful armillary planter at the library entrance.

OUR NEW LOGO

Several years ago the armillary was gifted to the library by the Friends and, today more than ever, it

continues to reflect the ideals of the Friends of Hall Memorial Library. This past November Laura Callahan, graphic designer and resident of Ellington since 2010, designed a logo that incorporates the armillary and that logo received approval by the Library Board of Directors to be used on all publications related to the Friends. Our new logo conveys the spirit of our organization and signifies the library's value in offering navigational guidance through knowledge, as it points to the stars and connotes unlimited possibilities for learning and exploration in an opening world.

Prior to joining the fire department, Peter was a member of Rescue Post 512 from 1987 through 1991 when he joined the Ellington Volunteer Ambulance Corp, and he remained a member until 2003. As a

CAPTAIN BRENDAN BURKE

Brendan was born and raised in Ellington and currently lives with his wife of 7 years, Larrissa, and their two children, Harper and Mairenn. Brendan has been a mem-

ber of the Ellington Volunteer Fire Department for the last 16 years. He is currently a Captain and has held the rank of Assistant Chief in the past. Brendan began serving the residents of Ellington in 1996 while attending EHS, where he was a member of Rescue Post 512, becoming President during his senior year.

Brendan is currently employed by the Town of Manchester where he has been a 9-1-1 Dispatcher for the last 14 years. In his free time Brendan enjoys maintaining his historic Main Street home, playing with his children (especially outdoors) and caring for their two dogs, two rabbits, and six chickens.

The Ellington Volunteer Fire Department members would like you to remember to clear a path to the fire hydrant: Don't let a fire hydrant covered in snow prevent firefighters from being able to quickly extinguish a fire in your home. It is important for anyone whose property is adjacent to a fire hydrant to remove snow from and around it as soon as possible after a snowfall.

Snow should be cleared three feet around the hydrant with a path to the street.

If you know someone who has a hydrant attached to their property and they are either incapable of removing the snow or hasn't cleared it; please help protect them, yourself and the rest of your neighbors by shoveling the hydrant out on your own. This simple good deed can save lives and property damage.
