As I write this article to you I can't help but think about these past 6 months and the activity that has occurred. I enjoy this opportunity to update you on the town quarterly as I do not always have the time as the days go by very quickly. I just want to highlight a few items:

## Road Improvements

VHB has finalized the road report for Haddam, a condensed version is on the town website, Haddam.org. This report has identified each as to the type of work needed for repair and has rated the condition. This will be a great tool for the town to work from in the future. This year we will finish the roads that were approved under our bonding in addition to a few others. These are Cove, Injun Hollow, Rock Landing, McTigh, Barman, Pokorny, Christian Hill and Nason. If the season and weather cooperate we will continue to add to this list per the data from the report.

## Town Budget

I am happy to report that the mil rate for 2018-2019 will remain the same, with no tax increase and capital projects will be funded as needed to allow us to maintain and improve our capital assets. We have been utilizing additional venues and opportunities for

competitive bidding and this had helped us save along with reviewing department operations and finding efficiencies.

## Infrastructure

The town has accepted the funding from the state via town meeting for the Tyler-ville Water, and CT Water has started engineering plans along with identifying the location of the wells for those properties that are covered by the funding. Construction is expected to start next spring. The Infrastructure Committee has recommended that the town vote on sewers for Higganum Center as this has been an important topic to the town for over 20 years. We will provide information as this continues to unfold. The plans for the Dublin Hill bridge are 90% complete and being finalized at this time. Due to the timing of the project (with detours) this project will also start next spring.

## Dear Readers & Advertisers...

It is with great excitement that I announce the launch of Events Magazines' inaugural "The Last Word" segment.

"The Last Word" is a new feature article that will appear on the last page of all of our 13 magazines. Each quarter there will be a story about someone with Connecticut ties who has made major accomplishments not only in his/her professional field but also in the community. Our inaugural "The Last Word" segment for the third quarter of 2018 highlights NASCAR professional driver Joey Logano, who is a native of Middletown, CT. It touches on his racing career milestones as well as his work in Connecticut and around the country through the Joey Logano Foundation.

**What's Next?** Well, I can't really give that away just yet. We've got some ideas in the works for the 4th quarter issue of Events Magazines.

**Comments and Feedback?** As always, we welcome your input and insights on how we can continue to enhance the magazines for the benefit of readers and advertisers alike. All of us at Events Magazines hope you enjoy our first-ever "The Last Word" feature. We look forward to continuing to serve the community through our Events Magazines!

## July in the Tax Office

By this time, you should have received your new tax bills. They were mailed June 29th. These new bills are for the 2017 Grand List. This covers from October 1, 2017 to September 30, 2018. The mil rate stayed at 31.69, the same as last year. The first installments for Real Estate, Personal Property and the total Motor Vehicle bills are due by August 1, 2018. The interest rate set by the State of Connecticut on delinquent taxes is 1.5% a month or 18% a year and the interest is calculated from the

original due date of July 1, 2018. We accept post marked dates from the post office.

If you received a bill for a vehicle or a business you do not own any longer please give us a call immediately. These bills will not go away if they are not addressed. Avoid any additional fees or penalties by contacting us as soon as possible. Escrow companies do not always tell us when you have paid off your mortgage or bought a new house. The DMV does not tell us you returned plates or changed the registration address. If you have moved, please let us know in case we need to contact you. If there is a problem and we can't get ahold of you it could cause more problems down the road.

If you cannot pay the total amount due, partial payments are always accepted. This is not considered a payment plan. However, it is the best way to keep some of the interest down. Interest will be calculated on the amount due, not the original bill.

Two years ago we began using a lock box to help process payments more efficiently. It has been working very well! We have included in your bills, an envelope with the lock box address in Hartford. The lock box is used from July 1st to August 1st. After that time, all payments should be sent to the Tax Office to process. If you want to mail your payment to us directly or stop in for a visit, that is fine too.

If you are looking for a receipt please send your payment with a self-addressed stamped envelope to: Town Office Building, Tax Office C/O Kristin Battistoni, 30 Field Park Drive, Haddam, CT 06438. Checks can be made out to the Town of Haddam.

To use a credit or debit card online or in the office, a service fee of 2.95% will be added. The fee is calculated based on the total payment. A flat fee of \$1.50 is charged for an Electronic Funds Transfer from your checking account. We have a credit card machine in the office for anyone that doesn't want to use the online system. If you have questions about using the online payment system please call us.

Please allow some extra time for payments to be processed during the busy collection period. If you make an online payment, it may not reflect for a few days. This is typical for our online payment service. Do not worry. If you received an email confirmation number, your payment was processed. It just won't reflect on the website in real time. If you are not sure if a payment was processed please call before you try it again. You can always call or email us to confirm it was received.

We do not mail bills again in January so hold on to the remainder bill stub. If you are looking for a copy of your tax bills, go to [Haddam.org](http://Haddam.org) under the Tax Collector link. If you have any questions please call or email. We can be reached at:

PHILANTHROPY. LEADERSHIP. LEGACY.

It takes a community to improve the quality of life for all – neighbors and friends who generously give their time and resources to support a passion or area of interest. Thanks to you, we are able to make even the smallest gift have a big impact - through charitable funds that support animal welfare, the arts, human services, education, the environment, heritage enhancements, and so much more.

Together we are able to make a real difference in the lives of so many. Consider the support provided by the Ann and George Petry Fund to give young people access to creative arts programs which enable them to share their talents while addressing issues important to their community. Or the Loffredo Performing Arts Fund which supports local thespians as they share the beauty and joy of live musical productions with neighbors and friends.

We celebrate all of you who share the same desire to work in partnership to help our local community thrive today, and tomorrow. We invite you to learn more by calling us at 860-347-0025 or visiting us online at [MiddlesexCountyCF.org](http://MiddlesexCountyCF.org).

Bring your lunch if you'd like. The session will end with the group reconvening to compare notes and share work (sharing is optional). Participants are welcome to attend either the first half (reading/presentation) or the second half (learning about/experimenting with nature writing) alone.

### Music on the Lawn with Samantha Goodman

Wednesday July 25th at 7 pm.

Bring your chairs and picnic dinner to enjoy some music on our lawn. If the weather is inclement or too hot, we will hold the concert indoors. Samantha Goodman is a singer-songwriter native to Connecticut. Growing up in West Hartford, CT, she starred in several musical theater projects at Conard High School and studied voice at the HARTT School of Music. Her next adventure took her to Boston University as an opera major, where she promptly fell in love with her new guitar and gave up opera for folk and country music. Years later, Samantha returned to Connecticut and began singing in vocal competitions, including becoming the 2007 New England Regional Female Vocalist of the Year for Talent Quest and competing nationally in Las Vegas, NV. Upon her return, she decided to turn her attention to live music and began fronting local bands, including her most successful project, Bad Penny, which will have some return engagements this summer. Samantha has mastered many genres throughout her career, and seeks to move her audience through music, no matter what

**Age-Related Macular Degeneration**

Age-Related Macular Degeneration (AMD) is the leading cause of severe vision loss in adults over the age of 50. This eye disease occurs when there are changes to the macula, a small portion of the retina that's located on the inside back layer of the eye. Commonly, older people develop macular degeneration as a natural part of the aging process. AMD causes loss of central vision and it can occur in two forms: wet and dry.

With macular degeneration, you may experience symptoms such as blurriness, dark areas or distortion of your central vision, or permanent loss of your central vision. It usually does not affect your peripheral vision. For example, with advanced macular degeneration you could be able to see the outline of a clock, yet you may not be able to see the hands of the clock to tell what time it is.

The majority of people with macular degeneration experience the dry form, which does not have a known treatment, but many people benefit from a vitamin regimen. Unfortunately, vision loss cannot be reversed. The less common wet form may respond to lasers and medical injections if caught and treated early. Smoking and high blood pressure are often associated with the wet form of macular degeneration.

If you have been diagnosed with dry macular degeneration, you should use a chart called an Amsler grid every day to monitor your vision. Dry macular degeneration can quickly change into the more damaging wet form. If you notice any change of vision, you should contact your ophthalmologist immediately.

## Joey Logano – Inspiring others to do for others

by Sigrid Kun

Professional NASCAR driver Joey Logano started his racing career right here in Connecticut racing quarter midget cars and quickly made a name for himself. Starting at the age of six, the Middletown, CT native started winning championship after championship – to the point that, by the time he was 15, he was already on the radar with NASCAR racing legends. Now, he's always to be reckoned with on the NASCAR racing scene, competing full-time in the Monster Energy NASCAR series and part-time in the NASCAR Xfinity series.

### THE STATS ARE IMPRESSIVE.

- Youngest driver to win a NASCAR Xfinity Series race - winning at Kentucky Speedway in 2008 when he was just 18 years, 21 days old and in only his third Xfinity Series start.
- 2009 Monster Energy NASCAR Cup Series Rookie of the Year
- Won the Daytona 500 in 2015 - Second youngest driver to win this race.
- 49 combined wins in NASCAR's top-three series

There is, of course, the glitz and the glamor that pervades NASCAR as a whole. And there's the occasional race-action controversy. And there are the ups and downs. After early successes (leading to the nickname, "Sliced Bread") and nearly winning a championship in 2016, Joey failed to make the playoffs in 2017. This year could mark a turnaround. Joey notched a win at Talladega Superspeedway in April, which ended a nearly year-long winless streak and, as of press time, he is fifth in the NASCAR Championship Point Standings.

But there's more to the 28-year-old than that. Joey and his wife Brittany, whom he married in 2014, welcomed their first child into the world this past January. Joey and Brittany have also been very committed to giving back. In a previous conversation, Joey mentioned, "If we can touch a few people's lives and help them become contributing members of our community and the world, it's really going to make a difference and it starts one person at a time." That's the crux of the Joey Logano Foundation that invests in organizations offering second chances to children and young adults during times of crisis and works to inspire others to live a life of generosity.

### WHY SECOND CHANCES?

First, there was a life-changing visit to Joplin, Missouri in 2011 where Joey helped to rebuild a home for a local family following the tornado that devastated the area. That family needed a second chance. Little did Joey know that he would soon need his own second chance. He had been driving the No. 20 Toyota Camry for Joe Gibbs Racing since the 2009 season, but that ended in 2012. He received his second chance when he was picked up by Penske Racing in 2012. The following year, the Joey Logano Foundation was established.

Since 2013, the foundation has invested almost \$2.7 million in various organizations across the country. Programs include inviting children who are facing tough situations (whether physically and/or emotionally) annually to a NASCAR race to be part of the crew for the day, supporting non-profit organizations during the 10-week NASCAR playoffs in each playoff race market, assembling and donating comfort care backpacks to foster and/or terminally ill children, and an annual fundraiser in Connecticut, called Driving Hope Home. A portion of the Driving Hope Home proceeds are donated to The Ronald McDonald House of Connecticut with the remaining proceeds donated to reputable charities the foundation supports to offer children in need a first or second chance. In its 5th year, Driving Hope Home will be held at Foxwoods Resort in Mashantucket, CT on July 18th and 19th. "It's our responsibility. You have to do it. If we're not going to do it, who else is going to be an advocate for these kids," says Brittany, who notes that first chances are important too. "They need a first opportunity in life. If we can shed light to this and inspire others to do the same, we can have a bigger impact than the two of us. That's our goal."

There is no doubt that Joey is a fierce competitor and a pure NASCAR racing talent. But don't overlook the other side. "When you are able to make a difference like that, you can see it in that person's face, how much it affects their lives - there's no better feeling than that," he observes. "I can talk about race wins as much as I want and how great that is but there's nothing better than that win - when you're able to affect something. That's a bigger win than any racetrack can get you."
